

XEROX®

KNOCK OUT

Expect knockout prints in vibrant, full color—fast—on Phaser 8500/8550 printers.

The ultimate one-two punch:

Phaser 8500 family: Lowest acquisition cost without sacrificing quality; prints up to 24 ppm.

Need more speed?

The **Phaser 8550 family** prints up to 30 ppm in both color and black, and increases workgroup productivity with the fastest first-page-out-time in the industry—as few as 5 seconds! This means multiple users printing to one Phaser 8550 won't have to wait, as opposed to waiting up to 20 seconds between users' jobs on the HP Color LaserJet® 3700.
